Once in your lifetime dress up in a Dirndl or Lederhosen and jump into the biggest beer party of the world - Oktoberfest. In Munich we stop at the Hofbrauhaus and listen to the Glockenspiel and swing by the big six breweries.

We explore more of Germany in the historical old town of Heidelberg and wander around the world's largest wine barrel at Heidelberg Castle.

We continue to central Europe's largest gothic cathedral in Cologne before you discover the origins of apple wine in legendary old Sachsenhausen.
